

USB Publisher 2100

Ultra fast duplication of USB memory sticks

- ◆ Duplication of data images to up to 21 USB memory sticks simultaneously
- ◆ Preinstalled system including copying software under Windows® XP Professional with 21 USB 2.0 slots
- ◆ Supplied with English or German keyboard and operating system, mouse and DVD-Drive
- ◆ Copy software with user interface selectable for English or German; other languages are available on demand
- ◆ Job Wizard to specify parameters for the copy job such as the image file name, number of copies and whether to verify after writing or not
- ◆ USB Publisher's transfer rate is approx. 75 MB/sec; copies 21 USB sticks with 512 MB in approx. 2V min. (speed depends on USB stick type)
- ◆ Software option for creating and copying smaller image files; with this, USB sticks where much less data is stored than the actual storage capacity permits can be programmed much quicker
- ◆ Optional software interface for data exchange with external application to allow customization of individual USB sticks, e.g. serialization or data encryption
- ◆ File Copy option to copy files from a specified directory to USB sticks, which are supported by Windows, instead of copying from an image file; the sub-directory structure (if present) is also copied
- ◆ We strongly recommend that you only use USB memory sticks from international brand manufacturers such as SanDisk, Lexar or Transcend

Technical Specifications
